

To Preserve, Purify, and Beautify the Skin, Hands, and Hair Nothing Equals

IVILLIONS of WOMEN Use CUTICURA SOAP, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruif, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings and chalings, in the form of baths for annoying irritations and inflammations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and many sanative antiseptic purposes which readily suggest themselves to women, especially mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can in-duce those who have once used these great skin curatives to use any others. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odours. No other medicated soap is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, the BEST skin and complexion soap, and the BEST toilet and baby soap in the world.

Some Further

Suggestions are Made.

To the Editor of The Eagle. "Charity begins at home," is an old sdage, but is as true today as the first time it was spoken. Wichita has two orphan homes. They are supported largely by voluntary subscriptions and donations. The Children's home has come up through tribulations besetting it on every side. The work the indies of the city do for its these orphanages there is the Rescue

Ninth street is open, but not for safe raveling until the stumps are removed.

L. W. Clapp, who sets the pace for cautifying home grounds, and several updred laps ahead, brought to the Cagle office seven varieties of pond lities. I than to use the expression of the ladies! "Arn't those lovely." Mr. Clapp says, and he is authority, that the same results can he produced in the park. The attempt to arow iffies in the present place dependng entirely upon the water from the lattie river, is entirely too uncertain, and if the commissioners will, and we believe they will, make him a pond or small take according to his directions, Mr. Clapp will grow lilles in it that will become the chief attraction of the park. There is not a man, woman or child in the city after seeing the lillies that were brought to the Eagle office, but what would say give us the lily pond. So we all say.

If the hoard of health policeman, if he ares to in his ardorous duties, will take trip up Lawrence avenue almost any morning-it is cool up there-will no doub meet one or more old coons-nastier ever than the swill barrels they haul, the combination smelling to the clouds.
